SUBJECT: DISCUSSION/ACTION: SUNSET PARK PROPOSED IMPROVEMENTS 1. RATIFICATION OF PROPOSED IMPROVEMENTS AT SUNSET PARK TO INCLUDE LIGHTING NOT TO EXCEED THE AMOUNT OF \$150,000.	
DEPARTMENT INVOLVED: PARKS AND RECREATION	
BACKGROUND/SUMMARY: Staff has researched a few options for additional lighting at Sunset Park. The most cost effective of which would be to add LED lighting similar to what the park currently has around the basket ball court and playground. The current budget would allow for the addition of 2 lights starting with the northwest field. The Quad head fixtures would create lighting for infield and surrounding areas on the west side of the park. Staff also intends to incorporate tie in points for future addition of lighting as part of this project. Please see attached cost estimates:
