Dear Ms. Alatorre,

On behalf of the City of Imperial, I am delighted to offer our support in Innercare's intent to develop PACE, a Program of All-inclusive Care for the Elderly (PACE), in our City.

We believe they are well-positioned to offer this comprehensive Medicare and Medi-Cal integrated benefit to long-term care qualified individuals in the Imperial County region. PACE is a model of care which has consistently proven to deliver quality-based outcomes for people who are especially vulnerable and at highest risk for entry into institutional-based care.

Based on our organization's long-standing relationship with Innercare, we fully support Innercare's application to California Department of Health Care Services (DHCS). We look forward to collaborating with Innercare and DHCS in this endeavor and are excited to see the development of their PACE program. Should you have any questions about our organization and our support for the development of Innercare PACE, please feel free to contact me for further information.

Sincerely,

Dennis H. Morita
