Subject: Proposal for the Repair of the Roadway East of the Imperial WWTP Influent Pump Station

Mr. Loper,

As discussed, the pavement east of the Influent Pump Station, while in a lesser state of disrepair when WML mobilized, has been further damaged by construction activities. We believe the following proposal is a fair and reasonable solution to the repair of the affected area.

Rather than patch paving/replacing the damaged pavement, WML proposes to excavate, compact to 95% RC and fine grade the area highlighted in the attached Civil Drawing, along with providing a \$21,000 credit by contract deductive Change Order. The City of Imperial would then contract with a local AC paving contractor of their choice to provide labor and material for the class II base course and pavement for the affected area.

In anticipation of a mutual agreement, WML has acquired the attached quote for the labor and material required for the 6" base course & 4" section of AC paving of the highlighted area from SLA Paving as a reference.

Please advise if this proposal is acceptable to the City.

Sincerely,

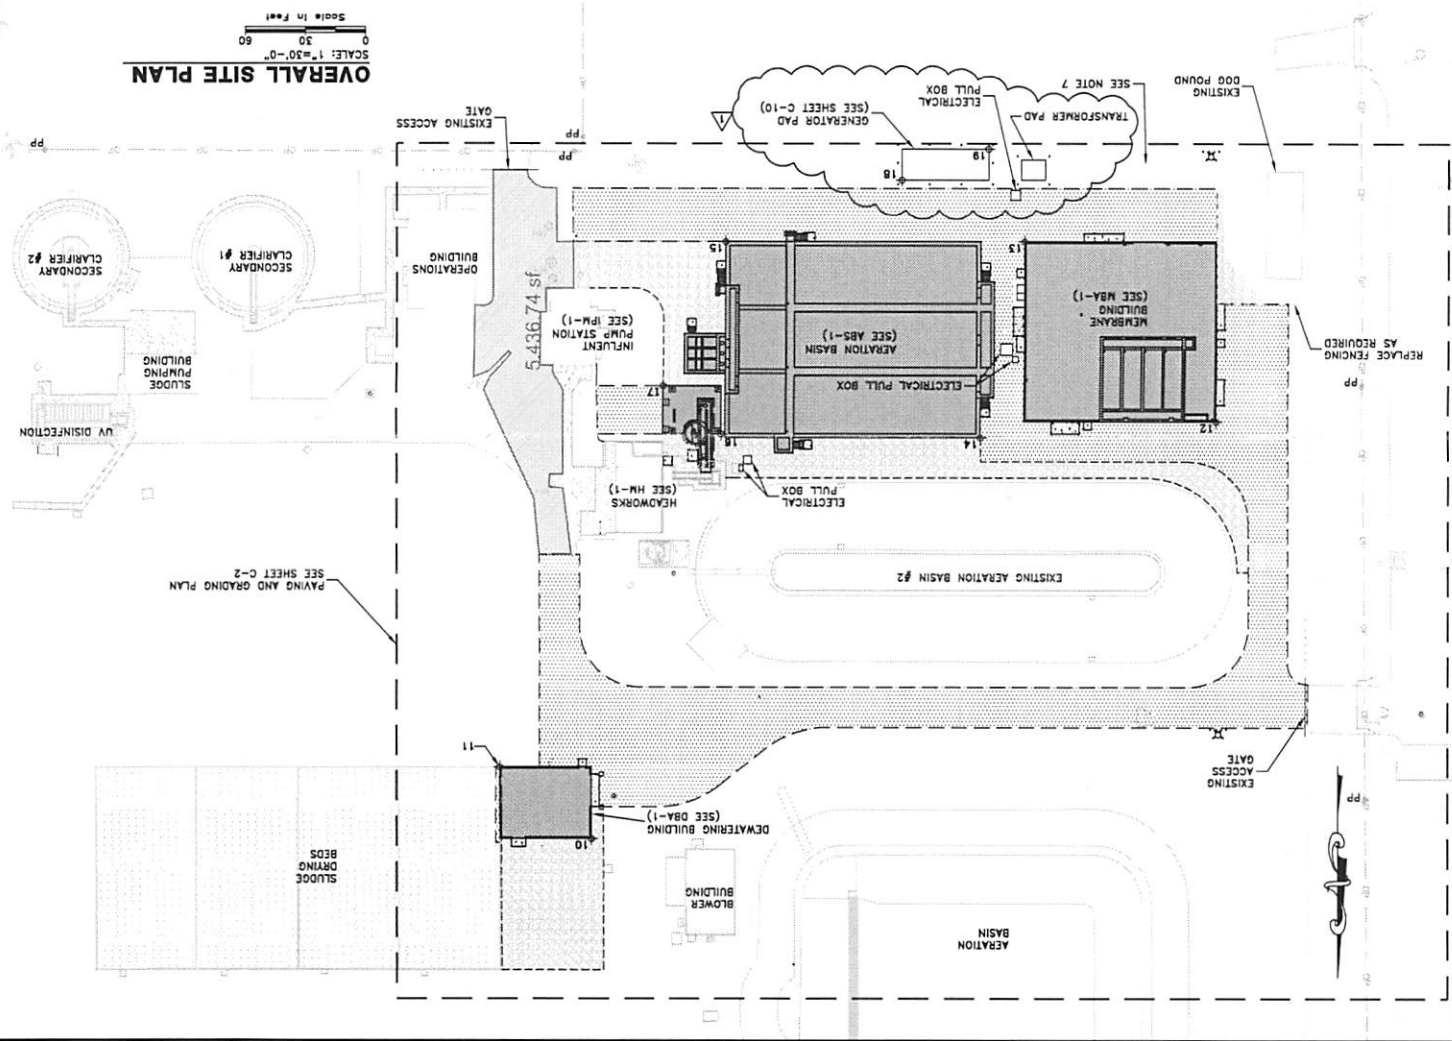

Jeff Tholen
Project Engineer
W. M. Lyles Co.

Proposal

We propose to furnish and install all labor, material and equipment to perform the following items of work, subject to the terms and conditions stated hereon.

Item	Description	Amount
1	5,437 SF Import, install, and compact 6" of Class II base	\$10,169.76
2	5,437 SF Import, install, and compact 4" of hot mix asphalt	<u>\$22,391.31</u>
TOTAL:		\$32,561.07

*Non-prevailing wage rates

*Approved mix designs to be used

*Asphalt to be installed in two lifts

Terms and Conditions

- This proposal shall be considered withdrawn if not accepted within (30) thirty days. Payments due at time services are rendered.
- Unless expressly provided above, this quotation does not include: (a) permits, including any required fees or bonds; (b) engineering, testing or staking; (c) bond premiums; prevailing wages; adjusting or lifting utilities to grade.
- Unless expressly included in above listing of work to be done, unusual site conditions such as buried trash, concrete, abandoned utilities, mud, over optimum moisture content; unstable, pumping sub grade etc that were not apparent on the surface, shall be deemed cause for additional compensation, and cessation of work until agreement for same has been reached.
- If the work provided herein is not commenced within two months of acceptance, SLA Paving Inc. may elect not to be bound to perform.
- If suit is commenced to enforce any provision hereof or for damages for breach hereof, the accepting party will pay, in addition, reasonable attorneys' fees and costs, expenses of preparing and prosecuting such suit.
- One week written notice to commence this work provided herein will be given.
- SLA Paving Inc. is to perform according to lines and grades established by owner or his engineer, and assumes no responsibility for engineering, or drainage.
- In the event of rescission of this agreement by the accepting party prior to the commencement of work, SLA Paving Inc. will be paid as liquidated damages. On the account of extreme difficulty of ascertainment of actual damages, the sum will be equal to 20% of the total contract price. In the event of rescission following commencement of work, SLA Paving Inc. will be paid for work done and materials supplied, a percentage of the total contract price in proportion as the amount of such work and materials relates to the total job and also will be paid 20% of a sum computed by subtracting from the total contract price the sum owing for completed work and materials.
- Owner assumes all responsibility and shall notify SLA Paving Inc. in writing of the location and depth of all underground utilities.
- This agreement expresses the entire agreement between the parties. Changes shall be in writing signed by both parties.
- The above quantities are approximate. Payment will be based on the field measurement at the completion of the project.
- Proposal is based on plans identified above.
