 AGENDA ITEM**

SUBJECT: DISCUSSION/ACTION: RESOLUTION TO PROVIDE NECESSARY FUNDING FOR CALIFORNIA PUBLIC UTILITIES COMMISSION (CUPC)	
1. APPROVAL OF RESOLUTION NO. 2021- <u>55</u> CALLING UPON THE GOVERNOR AND LEGISLATURE TO PROVIDE NECESSARY FUNDING FOR CUPC TO FULFILL ITS OBLIGATION TO ENSURE RAILROAD OPERATORS INSPECT AND REMOVE ILLEGAL DUMPING, GRAFFITI AND HOMELESS ENCAMPMENTS ALONG COMMUNITIES AND NEIGHBORHOODS ABUTTING RAILROAD RIGHT-OF-WAY.	
DEPARTMENT INVOLVED: City Manager's Office	
BACKGROUND/SUMMARY: As is tradition with the Annual League of California Cities Conference, the delegation requests participating cities review and consider various acts of legislation prior to the general assembly. This allows the two voting delegates to participate in the voting process. This resolution was originally proposed by the City of South Gate, and is supported by cities Bell Gardens, Bell, Commerce, Gudahy, El Segundo, Glendora, Huntington Park, La Mirada, Long Beach, Lynwood, Montebello, Paramount and Pico Rivera. Attached for your review you'll find the draft resolution and supporting documents.	
FISCAL IMPACT: N/A	ADMIN SERV INITIALS _____
STAFF RECOMMENDATION:	DEPT. INITIALS _____
MANAGER'S RECOMMENDATION: It is City Management's recommendation to support the efforts of Cal Cities and approve the resolution as presented.	CITY MANAGER'S INITIALS <u>AB</u>
MOTION:

2. A RESOLUTION CALLING UPON THE GOVERNOR AND THE LEGISLATURE TO PROVIDE NECESSARY FUNDING FOR CUPC TO FULFILL ITS OBLIGATION TO INSPECT RAILROAD LINES TO ENSURE THAT OPERATORS ARE REMOVING ILLEGAL DUMPING, GRAFFITI AND HOMELESS ENCAMPMENTS THAT DEGRADE THE QUALITY OF LIFE AND RESULTS IN INCREASED PUBLIC SAFETY CONCERNS FOR COMMUNITIES AND NEIGHBORHOODS THAT ADJACENT TO THE RAILROAD RIGHT-OF-WAY.

Source: City of South Gate

Concurrence of five or more cities/city officials:

Cities: City of Bell Gardens; City of Bell; City of Commerce; City of Cudahy; City of El Segundo; City of Glendora; City of Huntington Park; City of La Mirada; City of Long Beach; City of Lynwood; City of Montebello; City of Paramount; City of Pico Rivera

Referred to: Housing, Community and Economic Development; and Transportation, Communications and Public Works

WHEREAS, ensuring the quality of life for communities falls upon every local government including that blight and other health impacting activities are addressed in a timely manner by private property owners within its jurisdictional boundaries for their citizens, businesses and institutions; and

WHEREAS, Railroad Operators own nearly 6,000 miles of rail right-of-way throughout the State of California which is regulated by the Federal Railroad Administration and/or the California Public Utilities Commission for operational safety and maintenance; and

WHEREAS, the California Public Utilities Commission (CPUC) is the enforcing agency for railroad safety in the State of California and has 41 inspectors assigned throughout the entire State to inspect and enforce regulatory compliance over thousands of miles of rail line; and

WHEREAS, areas with rail line right-of-way within cities and unincorporated areas are generally located in economically disadvantaged zones and/or disadvantaged communities of color where the impact of blight further lowers property values and increases the likelihood of unsound sanitary conditions and environmental impacts upon them; and

WHEREAS, many communities are seeing an increase in illegal dumping, graffiti upon infrastructure and homeless encampments due to the lax and inadequate oversight by regulatory agencies; and

WHEREAS, local governments have no oversight or regulatory authority to require operators to better maintain and clean their properties as it would with any other private property owner within its jurisdictional boundaries. Thus such local communities often resort to spending their local tax dollars on cleanup activities or are forced to accept the delayed and untimely response by operators to cleaning up specific sites, and;

WHEREAS, that railroad operators should be able to provide local communities with a fixed schedule in which their property will be inspected and cleaned up on a reasonable and regular schedule or provide for a mechanism where they partner with and reimburse local governments for an agreed upon work program where the local government is enabled to remove items like illegal dumping, graffiti and encampments; and

WHEREAS, the State has made it a priority to deal with homeless individuals and the impacts illegal encampments have upon those communities and has a budgetary surplus that can help fund the CPUC in better dealing with this situation in both a humane manner as well a betterment to rail safety.

RESOLVED, at the League of California Cities, General Assembly, assembled at the League Annual Conference on September 24, 2021, in Sacramento, that the League calls for the Governor and the Legislature to work with the League and other stakeholders to provide adequate regulatory authority and necessary funding to assist cities with these railroad right-of-way areas so as to adequately deal with illegal dumping, graffiti and homeless encampments that proliferate along the rail lines and result in public safety issues. The League will work with its member cities to educate federal and state officials to the quality of life and health impacts this challenge has upon local communities, especially those of color and/or environmental and economic hardships.

Background Information to Resolution

Source: City of South Gate

Background:

The State of California has over 6,000 miles of rail lines, with significant amount running through communities that are either economically disadvantaged and/or disadvantaged communities of color. While the Federal Railroad Administration (FRA) has primary oversight of rail operations, they delegate that obligation to the State of California for lines within our State. The administration of that oversight falls under the California Public Utilities Commission (CPUC). The CPUC has only 41 inspectors covering those 6,000 miles of railroad lines in the State of California. Their primary task is ensuring equipment, bridges and rail lines are operationally safe.

The right-of-way areas along the rail lines are becoming increasingly used for illegal dumping, graffiti and homeless encampments. Rail operators have admitted that they have insufficient funds set aside to clean up or sufficiently police these right-of-way areas, despite reporting a net income of over \$13 billion in 2020. CPUC budget does not provide the resources to oversee whether rail operators are properly managing the right-of-way itself.

The City of South Gate has three rail lines traversing through its city limits covering about 4 miles. These lines are open and inviting to individuals to conduct illegal dumping, graffiti buildings and structures along with inviting dozens of homeless encampments. As private property, Cities like ourselves cannot just go upon them to remove bulky items, trash, clean graffiti or remove encampments. We must call and arrange for either our staff to access the site or have the rail operator schedule a cleanup. This can take weeks to accomplish, in the meantime residents or businesses that are within a few hundred feet of the line must endure the blight and smell. Trash is often blown from the right-of-way into residential homes or into the streets. Encampments can be seen from the front doors of homes and businesses.

South Gate is a proud city of hard working-class residents, yet with a median household income of just \$50,246 or 65% of AMI for Los Angeles County, it does not have the financial resources to direct towards property maintenance of any commercial private property. The quality of life of communities like ours should not be degraded by the inactions or lack of funding by others. Cities such as South Gate receive no direct revenue from the rail operators, yet we deal with environmental impacts on a daily basis, whether by emissions, illegal dumping, graffiti or homeless encampments.

The State of California has record revenues to provide CPUC with funding nor only for safety oversight but ensuring right-of-way maintenance by operators is being managed properly. Rail Operators should be required to set aside sufficient annual funds to provide a regular cleanup of their right-of-way through the cities of California.

CITY OF SOUTH GATE ANNUAL CONFERENCE RESOLUTION

July 21, 2021

Cheryl Viegas Walker
President
League of California Cities
1400 K Street, Suite 400
Sacramento, CA 95814

RE: City of South Gate Annual Conference Resolution

President Walker:

The City of Bell Gardens supports the City of South Gate's effort to submit a resolution for consideration by the General Assembly at the League's 2021 Annual Conference in Sacramento.

The City's resolution seeks to address a critical issue within communities, especially those of economic disadvantage and disadvantage communities of color that are home to the State's freight rail lines. While supportive of the economic base the industry serves to the State, their rail lines have often become places where illegal dumping is a constant problem and our growing homeless population call home. These impact of these activities further erode the quality of life for our communities, increase blight, increase unhealthy sanitation issues and negatively impact our ability to meet State water quality standards under the MS4 permits.

As members of the League our city values the policy development process provided to the General Assembly. We appreciate your time on this issue. Please feel free to contact Marco Barcena at 562-7761 if you have any questions.

Sincerely,

A handwritten signature in black ink, appearing to read "Marco Barcena".

**SUBJECT: SUPPORT FOR THE CITY OF SOUTH GATE'S ANNUAL
CONFERENCE RESOLUTION**

Dear President Walker:

The City of Glendora is pleased to support the City of South Gate's effort to submit a resolution for consideration by the General Assembly at the League of California Cities' 2021 Annual Conference in Sacramento.

The City of South Gate's resolution seeks to address a critical issue that many communities, small and large, are experiencing along active transportation corridors, particularly rail lines. Given the importance and growth of the ports and logistics sector, and the economic support they provide, we need to do more to ensure that conflicts are appropriately addressed and mitigated to ensure they do not become attractive nuisances. Our cities are experiencing increasing amounts of illegal dumping (trash and debris) and the establishment of encampments by individuals experiencing homelessness along roadways, highways and rail lines. Such situations create unsafe conditions – safety, health and sanitation – that impact quality of life even as we collectively work to address this challenge in a coordinated and responsible manner.

As members of the League of California Cities, Glendora values the policy development process provided to the General Assembly and strongly support consideration of this issue. Your attention to this matter is greatly appreciated. Should you have any questions, please feel free to contact Adam Raymond, City Manager, at araymond@cityofglendora.org or (626) 914-8201.

Sincerely,

Karen K. Davis
Mayor

**SUBJECT: LETTER OF SUPPORT FOR CITY OF SOUTH GATE'S PROPOSED
RESOLUTION AT CALCITIES ANNUAL CONFERENCE**

President Walker:

The City of La Mirada supports the City of South Gate's effort to submit a resolution for consideration by the General Assembly at the League's 2021 Annual Conference in Sacramento.

The City of South Gate's resolution seeks to address a critical issue within communities that are home to the State's freight rail lines. While the City of La Mirada is supportive of the economic base the railroad industry serves to the State, the rail lines have become places where illegal dumping and a growing homeless population are significant problems. The negative impact of these illegal activities decreases the quality of life for the La Mirada community, increases blight and unhealthy sanitation issues, and negatively impacts the City's ability to meet State water quality standards under the MS4 permits.

As members of the League, the City of La Mirada values the policy development process provided to the General Assembly. We appreciate your consideration on this issue. Please feel free to contact Assistant City Manager Anne Haraksin at (562) 943-0131 if you have any questions.

RE: Support for City of South Gate Resolution—Cleanup Activities on Rail Operator Properties

Dear President Walker,

On behalf of the City of Long Beach, I write to support the City of South Gate's proposed resolution for the League of California Cities' (League) 2021 Annual Conference. This resolution seeks to direct the League to adopt a policy urging State and federal governments to increase oversight of rail operators' land maintenance. The City is a proponent of increased maintenance along railways and believes a League advocacy strategy would help expedite regional responses.

The COVID-19 pandemic has exacerbated the public health and safety concerns on rail rights-of-way, as trash, debris, and encampments have increased exponentially. These challenges erode the quality of life for our communities, increase blight, and contribute to public health and sanitation issues. To address these concerns, the City has engaged directly with regional partners to prioritize ongoing maintenance and cleanups, and has invested \$4 million in the Clean Long Beach Initiative as part of the City's Long Beach Recovery Act to advance economic recovery and public health in response to the COVID-19 pandemic.

The City of South Gate's proposed resolution would further advance these efforts for interjurisdictional coordination. The increased oversight proposed by the resolution will help support better coordination and additional resources to address illegal dumping and encampments along private rail operator property. This is a critical measure to advance public health and uplift our most vulnerable communities. For these reasons, the City supports the proposed League resolution.

Sincerely,

THOMAS B. MODICA
City Manager

League of California Cities Staff Analysis on Resolution No. 2

Staff: Damon Conklin, Legislative Affairs, Lobbyist
Jason Rhine, Assistant Director, Legislative Affairs
Caroline Cirrincione, Policy Analyst

Committees: Transportation, Communications, and Public Works
Housing, Community, and Economic Development

Summary:

The City of South Gate submits this resolution, which states the League of California Cities should urge the Governor and the Legislature to provide adequate regulatory authority and necessary funding to assist cities with railroad right-of-way areas to address illegal dumping, graffiti, and homeless encampments that proliferate along the rail lines and result in public safety issues.

Background:

California Public Utilities Commission (CPUC) Railroad Oversight

The CPUC's statewide railroad safety responsibilities are carried out through its Rail Safety Division (RSD). The Railroad Operations and Safety Branch (ROSB), a unit of RSD, enforces state and federal railroad safety laws and regulations governing freight and passenger rail in California.

The ROSB protects California communities and railroad employees from unsafe practices on freight and passenger railroads by enforcing rail safety laws, rules, and regulations. The ROSB also performs inspections to identify and mitigate risks and potential safety hazards before they create dangerous conditions. ROSB rail safety inspectors investigate rail accidents and safety-related complaints and recommend safety improvements to the CPUC, railroads, and the federal government as appropriate.

Within the ROSB, the CPUC employs 41 inspectors who are federally certified in the five Federal Railroad Administration (FRA) railroad disciplines, including hazardous materials, motive power and equipment, operations, signal and train control, and track. These inspectors perform regular inspections, focused inspections, accident investigations, security inspections, and complaint investigations. In addition, the inspectors address safety risks that, while not violations of regulatory requirements, pose potential risks to public or railroad employee safety.

CPUC's Ability to Address Homelessness on Railroads

Homeless individuals and encampments have occupied many locations in California near railroad tracks. This poses an increased safety risk to these homeless individuals of being struck by trains. Also, homeless encampments often create unsafe work environments for railroad and agency personnel.

While CPUC cannot compel homeless individuals to vacate railroad rights-of-way or create shelter for homeless individuals, it has the regulatory authority to enforce measures that can reduce some safety issues created by homeless encampments. The disposal of waste materials or other disturbances of walkways by homeless individuals can create tripping hazards in the vicinity of railroad rights-of-way. This would cause violations of Commission GO 118-A, which sets standards for walkway surfaces alongside railroad tracks. Similarly, tents, wooden structures, and miscellaneous debris in homeless encampments can create violations of

Commission GO 26-D, which sets clearance standards between railroad tracks, and structures and obstructions adjacent to tracks.

Homelessness in California

According to the 2020 Annual Homeless Assessment Report (AHAR) to Congress, there has been an increase in unsheltered individuals since 2019. More than half (51 percent or 113,660 people) of all unsheltered homeless people in the United States are found in California, about four times as high as their share of the overall United States population.

Many metro areas in California lack an adequate supply of affordable housing. This housing shortage has contributed to an increase in homelessness that has spread to railroad rights-of-way. Homeless encampments along railroad right-of-way increase the incidents of illegal dumping and unauthorized access and trespassing activities. Other impacts include train service reliability with debris strikes, near-misses, and trespasser injuries/fatalities. As of April 2021, there have been 136 deaths and 117 injuries reported by the Federal Railroad Administration over the past year. These casualties are directly associated with individuals who trespassed on the railroad.

Cities across the state are expending resources reacting to service disruptions located on the railroad's private property. It can be argued that an increase in investments and services to manage and maintain the railroad's right-of-way will reduce incidents, thus enhancing public safety, environmental quality, and impacts on the local community.

State Budget Allocations – Homelessness

The approved State Budget includes a homelessness package of \$12 billion. This consists of a commitment of \$1 billion per year for direct and flexible funding to cities and counties to address homelessness. While some details related to funding allocations and reporting requirements remain unclear, Governor Newsom signed AB 140 in July, which details key budget allocations, such as:

- \$2 billion in aid to counties, large cities, and Continuums of Care through the Homeless Housing, Assistance and Prevention grant program (HHAP);
- \$50 million for Encampment Resolution Grants, which will help local governments resolve critical encampments and transitioning individuals into permanent housing; and
- \$2.7 million in onetime funding for Caltrans Encampment Coordinators to mitigate safety risks at encampments on state property and to coordinate with local partners to connect these individuals to services and housing.

The Legislature additionally provided \$2.2 billion specifically for Homekey with \$1 billion available immediately. This funding will help local governments transition individuals from Project Roomkey sites into permanent housing to minimize the number of occupants who exit into unsheltered homelessness.

With regards to this resolution, the State Budget also included \$1.1 billion to clean trash and graffiti from highways, roads, and other public spaces by partnering with local governments to pick up trash and beautify downtowns, freeways, and neighborhoods across California. The program is expected to generate up to 11,000 jobs over three years.

Cities Railroad Authority

A city must receive authorization from the railroad operator before addressing the impacts made by homeless encampments because of the location on the private property. Additionally, the city

must coordinate with the railroad company to get a flagman to oversee the safety of the work crews, social workers, and police while on the railroad tracks.

A city may elect to declare the encampment as a public nuisance area, which would allow the city to clean up the areas at the railroad company's expense for failing to maintain the tracks and right-of-way. Some cities are looking to increase pressure on railroad operators for not addressing the various homeless encampments, which are presenting public safety and health concerns.

Courts have looked to compel railroad companies to increase their efforts to address homeless encampments on their railroads or grant a local authority's application for an Inspection and Abatement Warrant, which would allow city staff to legally enter private property and abate a public nuisance or dangerous conditions.

In limited circumstances, some cities have negotiated Memoranda of Understandings (MOU) with railroad companies to provide graffiti abatement, trash, and debris removal located in the right-of-way, and clean-ups of homeless encampments. These MOUs also include local law enforcement agencies to enforce illegally parked vehicles and trespassing in the railroad's right-of-way. MOUs also detailed shared responsibility and costs of providing security and trash clean-up. In cases where trespassing or encampments are observed, the local public works agency and law enforcement agency are notified and take the appropriate measures to remove the trespassers or provide clean-up with the railroad covering expenses outlined in the MOU.

Absent an MOU detailing shared maintenance, enforcement, and expenses, cities do not have the authority to unilaterally abate graffiti or clean-up trash on a railroad's right-of-way.

Fiscal Impact:

If the League of California Cities were to secure funding from the state for railroad clean-up activities, cities could potentially save money in addressing these issues themselves or through an MOU, as detailed above. This funding could also save railroad operators money in addressing concerns raised by municipalities about illegal dumping, graffiti, and homeless encampments along railroads.

Conversely, if the League of California Cities is unable to secure this funding through the Legislature or the Governor, cities may need to consider alternative methods, as detailed above, which may include significant costs.

Existing League Policy:

Public Safety:

Graffiti

The League supports increased authority and resources devoted to cities for abatement of graffiti and other acts of public vandalism.

Transportation, Communications, and Public Works

Transportation

The League supports efforts to improve the California Public Utilities Commission's ability to respond to and investigate significant transportation accidents in a public and timely manner to improve rail shipment, railroad, aviation, marine, highway, and pipeline safety

Housing, Community, and Economic Development

Housing for Homeless

Homelessness is a statewide problem that disproportionately impacts specific communities. The state should make funding and other resources, including enriched services, and outreach and case managers, available to help assure that local governments have the capacity to address the needs of the homeless in their communities, including resources for regional collaborations.

Homeless housing is an issue that eludes a statewide, one-size-fits-all solution, and collaboration between local jurisdictions should be encouraged.

Staff Comments:

Clarifying Amendments

Upon review of the Resolution, Cal Cities staff recommends technical amendments to provide greater clarity. To review the proposed changes, please see Attachment A.

The committee may also wish to consider clarifying language around regulatory authority and funding to assist cities with these efforts. The resolution asks that new investments from the state be sent to the CPUC to increase their role in managing and maintaining railroad rights-of-ways and potentially to cities to expand their new responsibility.

The committee may wish to specify MOUs as an existing mechanism for cities to collaborate and agree with railroad operators and the CPUC on shared responsibilities and costs.

Concurrence of five or more cities/city officials

Cities: City of Bell Gardens; City of Bell; City of Commerce; City of Cudahy; City of El Segundo; City of Glendora; City of Huntington Park; City of La Mirada; City of Long Beach; City of Lynwood; City of Montebello; City of Paramount; City of Pico Rivera

Referred to: Housing, Community and Economic Development; and Transportation, Communications and Public Works

WHEREAS, ensuring the quality of life for communities falls upon every local government including that blight and other health impacting activities are addressed in a timely manner by private property owners within its jurisdictional boundaries for their citizens, businesses and institutions; and

WHEREAS, Railroad Operators own nearly 6,000 miles of rail right-of-way throughout the State of California which is regulated by the Federal Railroad Administration and/or the California Public Utilities Commission CPUC for operational safety and maintenance; and

WHEREAS, the California Public Utilities Commission (CPUC) is the enforcing agency for railroad safety in the State of California and has 41 inspectors assigned throughout the entire State to inspect and enforce regulatory compliance over thousands of miles of rail line; and

WHEREAS, areas with rail line right-of-way within cities and unincorporated areas are generally located in economically disadvantaged zones and/or disadvantaged communities of color where the impact of blight further lowers property values and increases the likelihood of unsound sanitary conditions and environmental impacts upon them; and

WHEREAS, many communities are seeing an increase in illegal dumping, graffiti upon infrastructure and homeless encampments due to the lax and inadequate oversight by regulatory agencies; and

WHEREAS, local governments have no oversight or regulatory authority to require operators to better maintain and clean their properties as it would with any other private property owner within its jurisdictional boundaries. Thus such local communities often resort to spending their local tax dollars on cleanup activities or are forced to accept the delayed and untimely response by operators to cleaning up specific sites, and;

WHEREAS, that railroad operators should be able to provide local communities with a fixed schedule in which their property will be inspected and cleaned up on a reasonable and regular schedule or provide for a mechanism where they partner with and reimburse local governments for an agreed upon work program where the local government is enabled to remove items like illegal dumping, graffiti and encampments; and

WHEREAS, the State has made it a priority to deal with homeless individuals and the impacts illegal encampments have upon those communities and has a budgetary surplus that can help fund the CPUC in better dealing with this situation in both a humane manner as well as a betterment to rail safety.

RESOLVED, at the League of California Cities, General Assembly, assembled at the ~~League~~ Cal Cities Annual Conference on September 24, 2021, in Sacramento, that ~~the~~ Cal Cities League calls for the Governor and the Legislature to work with ~~the~~ Cal Cities League and other stakeholders to provide adequate regulatory authority and necessary funding to assist cities with these railroad right-of-way areas so as to adequately deal with illegal dumping, graffiti and homeless encampments that proliferate along the rail lines and result in public safety issues. ~~The~~ Cal Cities League will work with its member cities to educate federal and state officials to the quality of life and health impacts this challenge has upon local communities, especially those of color and/or environmental and economic hardships.
